

Beef and Giffy

November 23, 2021: The first message I ever sent you. You were just the cute girl sitting behind me who I wanted to talk to more. I did not need help with questions 7 and 9 on the powerpoint questions.

January 14, 2022: When I asked for your discord. I HATED the way you responded and was immediately like "never mind I don't want it" because I thought you didn't want to give it to me. I'm glad you did and I'm glad you asked me what you asked me in the next screenshot.

January 14, 2022: Your first message to me after I added you on discord. I was about to take a nap when you sent me this but I got out of bed to have this conversation with you. You almost immediately info-dumped about the game and I fell in love with you.

why are u always playing genshin

January 16, 2022: I DIDN'T PLAY THAT MUCH IT WAS ONLY 13 HOURS IN A DAY AND A HALF. I turned on my activity status in discord specifically so you would see that I was playing. I had to explain myself to A LOT of people.

Huldmer 01/16/2022 6:55 PM

Zeneki 01/16/2022 6:55 PM

January 16, 2022: Our first time playing co-op Genshin. I would literally just open the game randomly to see if you were online so we could start up conversation through the in-game chat.

Zeneki 01/17/2022 5:24 PM

January 17, 2022: The first in a long chain of you simping for characters. A trend that has continued throughout the last 10 months of us dating.

Zeneki 02/06/2022 3:23 PM

February 6, 2022: You sent me your insane Itto edit. This was followed up by us talking about edits and other stuff for literal hours. I learned a lot about you on this day and gained a whole new admiration for your ridiculous talents.

Zeneki 03/05/2022 10:20 PM
wuh habba

March 5, 2022: You asking me what happened after seeing like some random frowning emoji or whatever in my status. It showed u care and that meant a lot to me. This was the day I found out Nathan liked you and began trying to lose feelings for you, Fortunately, I failed at that.

Zeneki 03/06/2022 2:56 PM

but is it ok if we join vc so i can explain it better ? u dont have to put camera or anything, u can also mute, but its easier for me this way
but if ur not comfortable i understand 👍

Huldmer 03/06/2022 2:56 PM

yes yes yes

Huldmer started a call that lasted 2 hours. 03/06/2022 2:56 PM

March 6, 2022: Our first time calling. You were so unbelievably considerate in how you asked to call and I thought that was so sweet. It was the first time I was really just able to soak in your voice and it felt really nice to be in that call with you. You joined to help me with an ascension quest, and every other time I played the game, I would just text you that I failed the ascension quest again—I hadn't even tried it any of those times.

Zeneki 03/20/2022 7:28 PM

can we study together
oh my god oh my god

Huldmer 03/20/2022 7:29 PM

yes
you wanna call?

March 20, 2022: You were really nervous before a physics test and asked to study with me. We immediately did and it kicked off us calling before pretty much every assessment, later leading to us just calling for 5 hours every single night. I'm so very glad u freaked out.

Zeneki 04/04/2022 9:57 PM

nah its ok i kinda sprang it up on u outta nowhere
dude u cant just offer help whenerv it rlly do b takin a toll on u

Huldmer 04/04/2022 9:57 PM

i promise it isnt
ur worth it even if it was

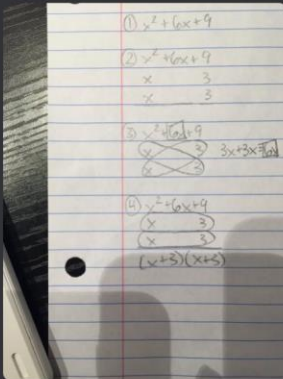

April 4, 2022: The day you opened up to me and say you began to admit to yourself that you had feelings for me. You were, are, and always will be worth whatever "burden" you think you place on me. I love you.

Zeneki 04/04/2022 10:27 PM

ok so

1. ur equation
2. list the factors of ur "a" term and ur "c" term under it
3. cross multiply (see circle); then add them (since numbers tend to have multiple factors, you have to make sure it adds up to ur "b" term so this is like trial and error method
4. (see circle) this is wht ur supposed to put in the parenthesis

April 4, 2022: You explaining factoring to me literally 30 minutes after the last screenshot. You're so cute.

Huldmer 04/08/2022 2:57 PM

Zeneki 04/20/2022 12:19 PM

April 20, 2022: Our first time hanging out outside of school. Thank you for asking, twice. I thought you were so cute and would try to sneak looks at your face when you were drinking boba but you were so stealthy with it. I had a lot of fun and you had to go so quickly I was madge.

Huldmer started a call that lasted 5 hours. 05/02/2022 12:06 PM

May 2, 2022: You were trying on your Ao Dais and asked to call. You tried them on, I don't know what else we did, but it eventually led to us playing the name game again. You were so frustrated by us being embarrassing that you (barely) decided to confess. I confessed back and we agreed to start dating. The happiest day of my life, second only to every other day I get to spend with you. You then left not long after to go to the Benihana place with Kim and Andrew.

May 2, 2022: My text to you the night after you confessed to me and we started dating. I was really excited for our relationship and I haven't been disappointed.

I love you so much boba and I can't believe I get to spend the next 90 years with you. You've made me the happiest person alive and I hate how much you do for me. I hope going through these was as fun for you as it was for me. TELL ME IF I MISSED ANY BIG ONES.

Happy Birthday for the last time. Have lots of fun today and every other day babe, you deserve the world, act like it.

You can open the last file now. I love you.
